

## Welcome to 6th Nordic-EUS meeting, Oslo, Nov 30- Dec 1, 2023

Dear sirs/madams

We have the pleasure of inviting you to join us for this next meeting in the Nordic EUS series, after the previous highly successful event in Gothenburg last year.

Diagnostic EUS, as well as an increasing range of therapeutic/interventional procedures, is becoming a big component of interventional endoscopy, also in our Nordic countries. The combination of EUS and ERCP is also increasingly relevant, as seen by the combined program of the meeting last year. We believe that the meeting will represent a valuable meeting for interventional endoscopist and we truly hope this will be of interest to you.

### Highlights from the program

- Live demo procedures from Valledolid, New Dehli and Oslo
- Debate presentations about unsettled topics
  - Quizzes and polls
  - Poster presentations
  - Industrial exhibition
  - Course dinner

### International faculty:

- Manuel Perez-Miranda, Valledolid, Spain
- Vinay Dhir, New Delhi, India

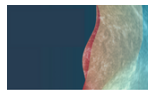

Venue  
Meet Ullevål  
Sognsveien 77C,  
0855 Oslo, Norway

### Course management:

Christer Tønnesen,  
Vemund Paulsen,  
Lars Aabakken
